

LKP POLARIZER
LED Polarized Light

FEATURES

- Master design, after two years' elaborate work.
- The successful application of the polarized lens, which is formed from three processing crafts (2 extrusion process and knurling fish-eye structure), completely solve the non-directional lighting issue of the linear lights.
- This polarized stick well maximum the light on the objects.
- No visible LED spot also with uniform and soft lighting effect.

Technic Data								
ITEM CODE	DIMEN SION(MM)	INPUTVOLTAGE(V)	POWER(W)	Number of LEDs	LUMEN OUTPUT(LM)	CRI	COLOR TEMPERATURE(K)	IP
992506200	800x22x8	12	6.5	93 SMD 3014	420 450	≥80	3000 6500	20
Light Tone	2700K-6500K optional							
Finish	Painting(White/Black/Silver etc...);Chrome							

LKP REGULAR

Technic Data								
ITEM CODE	DIMEN SION(MM)	INPUTVOLTAGE(V)	POWER(W)	Number of LEDs	LUMEN OUTPUT(LM)	CRI	COLOR TEMPERATURE(K)	IP
992506201	800x22x8	12	6.5	93 SMD 2835	270 300	≥80	3000 6500	20
Light Tone	2700K-6500K optional							
Finish	Painting(White/Black/Silver etc...);Chrome							

Item Code	Illustration	Specification
992506200		■ Lens cover ■ Supply cable 1.8m ■ End with LED mini connector
992506201		■ PC cover ■ Supply cable 1.8m ■ End with LED mini connector
Accessory		■ Mounting springs ■ Fastening screws 3x12
Power		■ HJA20-12VF (12V-20W) ■ Mains cable 1.5m with Euro plug ■ With 6-way distributor
